### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Eric Bram on April 12, 2004.

The application has been amended as follows: claims 1-17, 22 have been canceled.

### **REASONS FOR ALLOWANCE**

2. Claims 18-21 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate nor render obvious to one ordinary skilled in the art a method of making a liquid crystal display device comprising a combination of various elements as claimed, more specifically, forming a peripheral region having a plurality of openings therein exposing portions of the insulating layer, and forming a plurality of walls, each corresponding to a corresponding one of the plurality of openings and extending substantially between the first metal layer and the peripheral portion of the pixel metal layer.

Sato ('057) and Dill ('783) disclose an LCD having a plurality of walls. However, both fail to disclose an LCD comprising the following steps: forming a peripheral region having a plurality of openings therein exposing portions of the insulating layer, and forming a plurality of

Art Unit: 2871

walls, each corresponding to a corresponding one of the plurality of openings and extending substantially between the first metal layer and the peripheral portion of the pixel metal layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### CONCLUSION

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
